CONSUMER INFORMATION GUIDE TO RESIDENTIAL CARE FACILITIES FOR THE ELDERLY

Residential Care Facilities for the Elderly (RCFE's) are licensed facilities for residents who need non-medical care and supervision. These facilities provide assistance with bathing, dressing and reminders to take medication. All RCFE's must provide three meals a day and onsite staff 24 hours a day.

RCFE's are not skilled nursing homes and do not provide medical care. They are not required to have licensed nursing care (services of registered nurses, licensed vocational nurses or certified nursing assistants). **Medi-Cal** and **Medicare do not** cover RCFE care. If more care than described above is needed, contact The Alameda County Long Term Care Ombudsman Program and we will provide you with information and a list of licensed skilled nursing facilities.

Residential Care Facilities for the Elderly differ greatly:

- Some are private homes. Others, catering to as many as 100 or more residents, offer apartment-style accommodations. Smaller facilities often are a good choice for those who prefer a more intimate atmosphere while larger facilities may be a preferable choice for those who desire more privacy and activity.
- RCFE's differ greatly in what they charge. Costs currently range from approximately \$900 to over \$4500 per month.

We make every effort to keep our information current. However, changes are made without our knowledge, so please be sure to call the facility for the most up to date information.

The Alameda County Long Term Care Ombudsman Program is provided by Older American Act funds through the Alameda County Area Agency on Aging. This list is made available to you as part of the Ombudsman community education program. For further information or to discuss a problem or complaint, please call (510) 638-6878. All services are free and will be handled confidentially.

The Ombudsman Program is a community resource serving the elderly in long term care facilities, their families and caregivers.

ADMISSION AGREEMENTS

Residential Care Facilities for the Elderly are required to complete and maintain individual written admission agreements with all persons admitted to the facility or with their designated representatives. Admission agreements should specify the basic services to be made available, optional services which are available and payment provisions. Payment provisions should specify the basic services rate, optional services costs, who pays, date payment is due and the funding source. Be sure to carefully read and thoroughly understand the terms of the admission agreement before it is signed.

ROLE OF THE OMBUDSMAN FOR RESIDENTIAL CARE FACILITIES FOR THE ELDERLY

The Ombudsman's chief role is to ensure that residents of long term care facilities are receiving the services to which they are entitled, including quality care. All work is free and confidential.

DIRECT SERVICES FOR RESIDENTS

- Receive and resolve complaints, misunderstandings and grievances.
- Monitor conditions of care.

DIRECT SERVICES FOR FAMILIES AND FRIENDS

- *Receive and resolve complaints*
- *Supply information on costs*
- *Monitor conditions to insure quality care*

 2. To be accorded safe, healthful and comfortable accommodations, furnishings and equipment.
 3. To be free from corporal or unusual punishment, humiliation, intimidation, mental abuse or actions of a punitive nature, such as withholding of monetary allowances or interfering with daily living functions such as eating or sleeping patterns or elimination.

- c. Facilities licensed for seven (7) or more shall prominently post, in areas accessible to the residents and their relatives, the following:
 - 1. Procedures for filing confidential complaints.
 - 2. A copy of these rights or, in lieu of a posted copy, instructions on how to obtain additional copies of these rights.
